

# TACTICAL SERIES PUBLIC SAFETY RF TAPPER

## FEATURES

- Supports all Public Safety Bands:  
VHF  
UHF  
700 MHz  
800 MHz
- Low Insertion Loss
- Low VSWR
- IP-65 Rated
- N-Female Connectors

Made for Radio Enhancement Systems, the Tactical Series RF Tappers are engineered to just work. RF Tappers are installed in -line with a coaxial cable and redirect a small amount of the RF power to a second, coupled, coaxial cable. Exactly how much RF power is redirected is determined by coupling value of the RF tapper.

Output Difference	Insertion Loss	Coupling Loss	Part Number
3.0 dBm	-1.8 dBm	-4.8 dBm	TGP.51-10107-01.00
10.0 dBm	-0.4 dBm	-10.4 dBm	TGP.51-10111-01.00
15.0 dBm	-0.1 dBm	-15.1 dBm	TGP.51-10113-01.00
